LUXURY OFFICES IN PARIS FRANCE

Three floors full of natural light from the atrium in the most chic square of Paris.

The project is based on Luna, the door from Res with the thinnest aluminium frame.

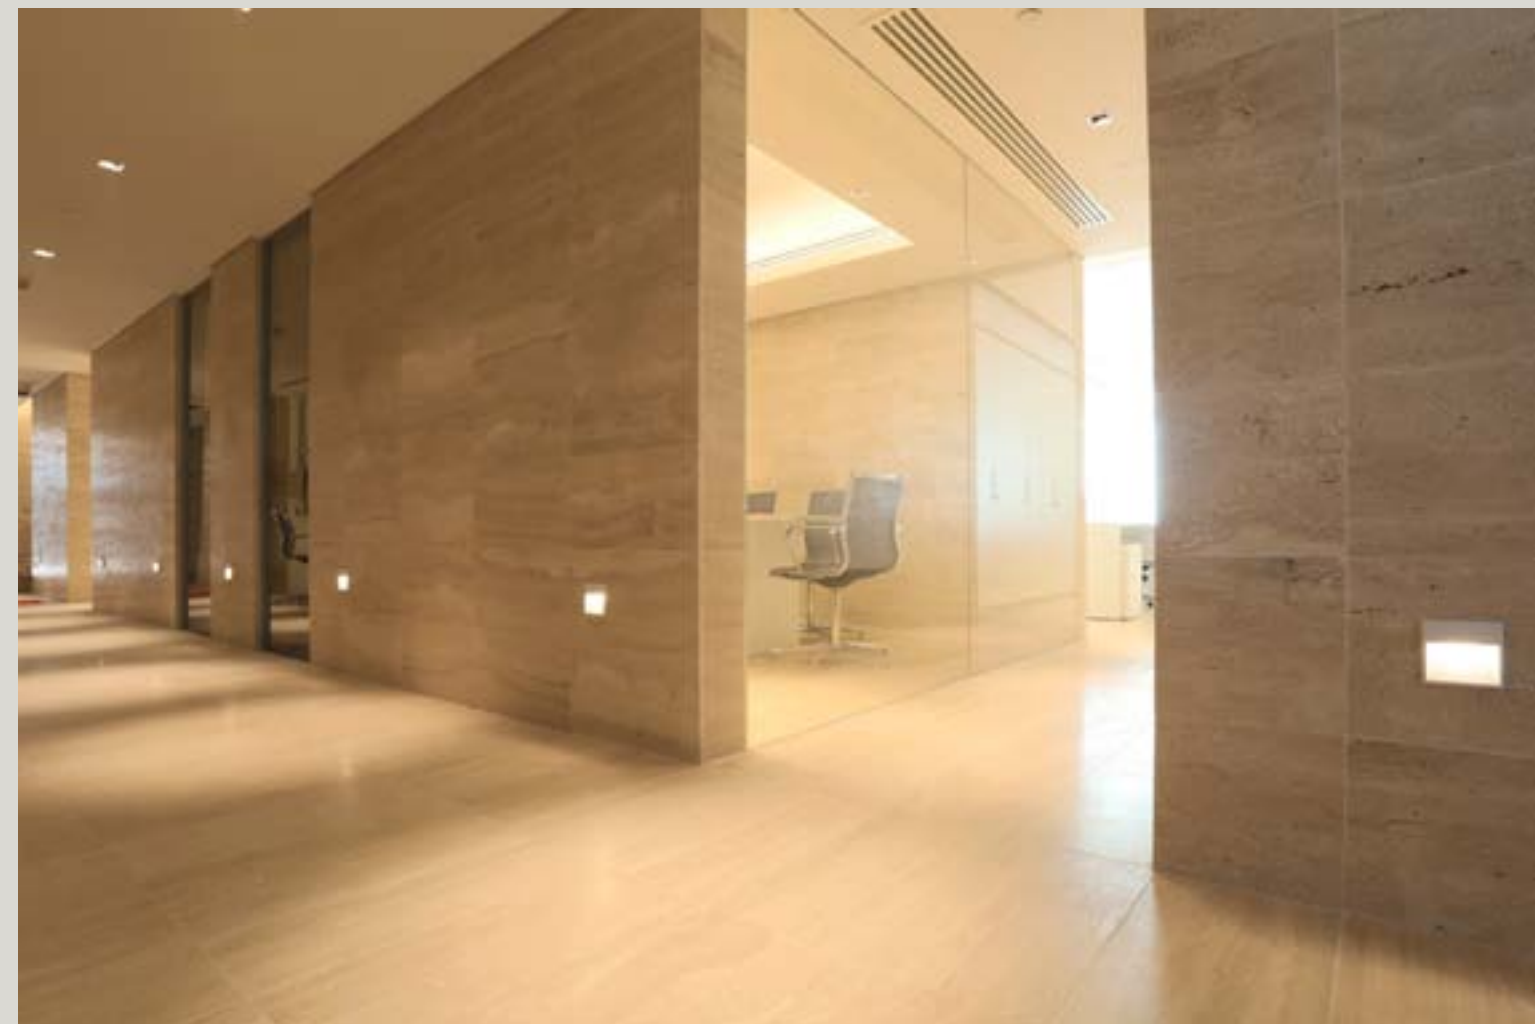

FASHION COMPANY HEADQUARTERS ITALY

An industrial space in the Venetian countryside transformed into offices by using Luna doors in Brill finish.

FASHION COMPANY HEADQUARTERS CHINA

The creation of the headquarters of the fashion house Giada in the centre of Shenzhen.

Levia doors are used to separate different office rooms, with various finishings using mainly glass.

LAFODIA SPA HOTEL CROATIA

The latest generation Spa with the most sophisticated elements for the ultimate relaxation.

Spa . 017

Levia, Arc and Miss are products used in this special project.

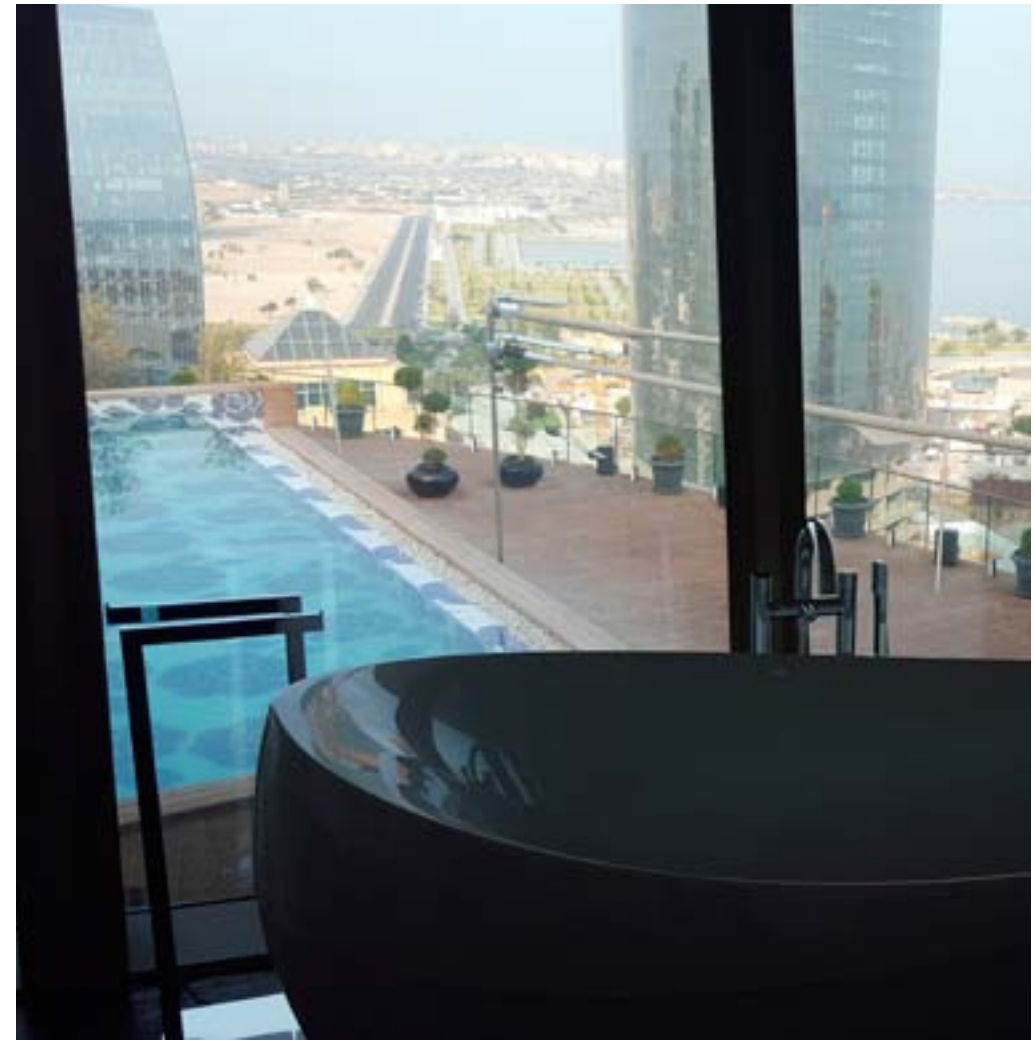

UPSCALE PENTHOUSE
AZERBAIJAN

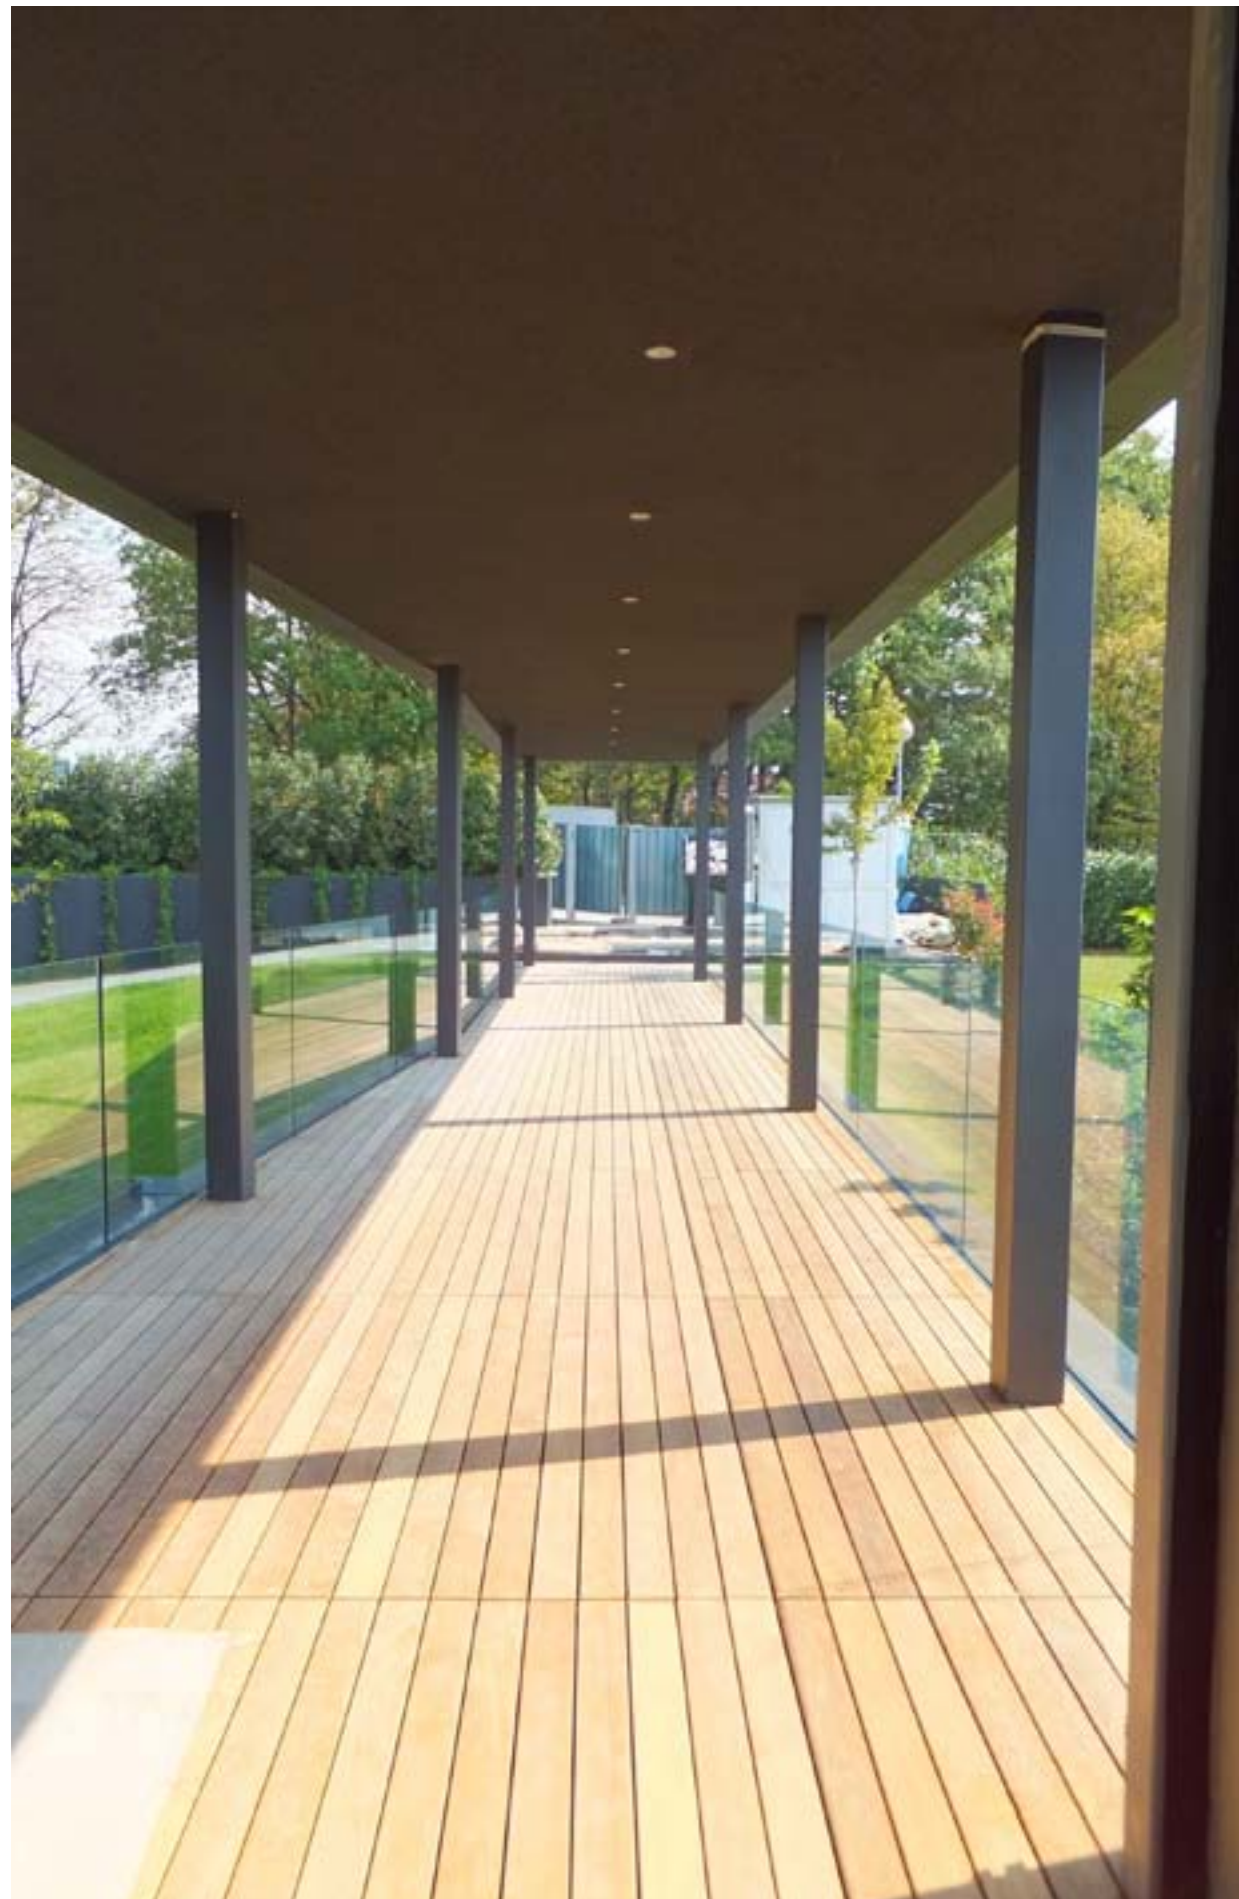

In the most prestigious area in the centre of the square overlooking the sea.

This project has used a wide range of Res products: Levia, Luna, Wave, 10.8 and Zero.

PRIVATE VILLA CROATIA

Located on the green hills with spectacular views of the historic center of the capital of Croatia.

Levia, Arc and Miss are products used in the project of this villa.

SOUTH BEACH RESIDENCE
SINGAPORE

The most recent restoration project in the middle of the famous bay with apartments, offices, hotels. Products used: Levia, Luna and Sidus.

ARIA AND SOLARIA TOWERS
ITALY

The two towers are one of the most important architectural icons of the Business Centre in Milan, conducted as part of Progetto Porta Nuova.

CONSERVATORIUM HOTEL
NETHERLANDS

Restoration of the Conservatory in Amsterdam, a neo-gothic building, designed by Piero Lissoni.
Levia and Miss are the doors used at the Akasha Spa.

LEICA MILAN ITALY

A flagship store for connoisseurs overlooking the most beautiful square in the centre of Milan.
